

**Vitreous China 4.5/3 litre Dual Flush
Wall Faced Close-Coupled Box Rim Toilet Suite**

A versatile wall faced close-coupled toilet suite featuring a 4.5/3 litre dual flush cistern with low profile chrome plated push buttons and a universal connection system for varying pan setouts. Designed to provide low cost maintenance by incorporating easy to clean rounded surfaces combined with smooth sides. The Pan connector system allows for an adjustable setout from 65mm to 150mm with a recommended setout of 140mm providing installation versatility for both new build and renovation applications. The cistern is fitted with a quiet fast fill inlet valve as standard. The Banksia suite is supplied with a soft close seat.

- Pan:** Banksia 4.5 litre full flush washdown pan with box flushing rim.
Traps: Universal trap for S or P-trap installations.
Cisterns: Banksia Cistern – has a free fitting lid and is suitable for domestic and light commercial applications. Available in bottom inlet and back entry versions. Back entry cistern inlet is concealed within the cistern.
Important: Working pressure minimum 30kPa to maximum 1000kPa flow pressure. Rain water tank compliant. Accurate wall setout for B.S.P. 1/2" Nipple water inlet connection is essential.
Fixing: The cistern is fixed directly to the pan with a robust concealed base fixing system without the need for wall fixing.
Seats: The Banksia suite is provided with a Banksia Soft Close seat.
Colour: White only.
Installation: The installation of the toilet suite shall be in accordance with the normal minimum drainline grade requirements in AS/NZS 3500.2.
Dimensions: All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.
