Rectangle Undermount Basin

Installation instructions for Rectangle Undermount Basin

THIS BASIN MUST BE INSTALLED BY A LICENSED PLUMBER IN ACCORDANCE WITH LOCAL REGULATIONS

Remove all products from packaging:

Check the product for damage, if the product is damaged return to store of purchase. Check the product is complete with all components required to install.

This product is to only be installed by a licensed plumber, failing to do so will void warranty.

This product is to be installed as per Australian Standard and local authority requirements.

Basin Installation:

- 1.This basin is supplied with a cut out template, due to manufacturing variations it is recommended you cross check the cut-out template dimensions against the physical basin dimensions and adjust cut out size as, or if required.
- 2.Lay the template in the desired position on the bench and tape down to secure the template into position.
- 3.Prior to cutting the hole, check to ensure the cut-out does not interfere with draws or internal walls of the vanity cabinet.
- 4.Cut the hole into the vanity cabinet top.
- 5.This basin is supplied with two types of fixing brackets for various bench top materials, prior to fitting the basin to the underside of the bench apply a plumbers grade silicone to the basin top edge.
- 6.Place basin into position and use the suitable set of 4 brackets to secure basin in place.
- 7.Connect Basin to drainage system as per Australian standards and local authority requirements.
