# barossa pivot semi-frameless shower screen

GENERAL INFORMATION

Please inspect the product immediately upon receipt for damage, missing components or manufacturing faults. Damage reported later cannot be accepted.

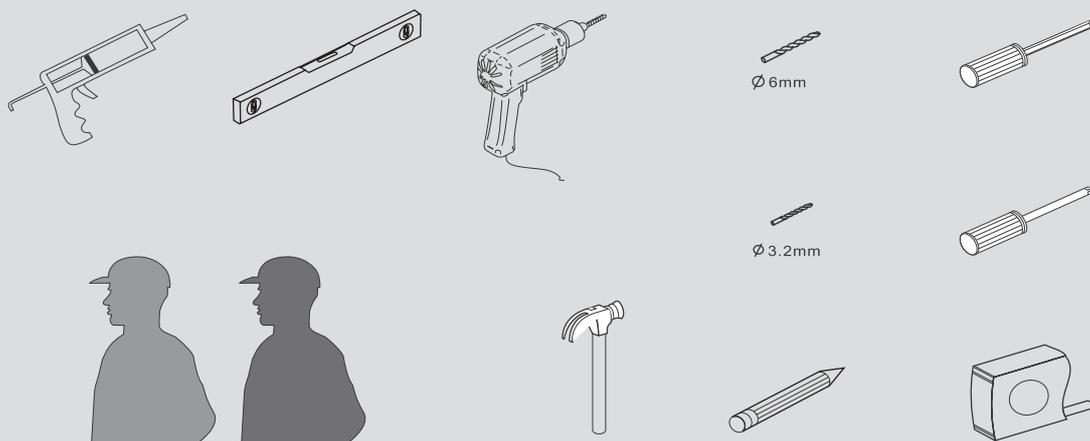

Please handle the product with care avoiding knocks and shock loading to all sides and edges of glass. Glass edge must not contact any hard surface.

Claims for defects/damage cannot be made after installation is completed.

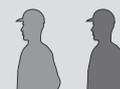

**NOTE: SAFETY GLASS CANNOT BE REWORKED. DO NOT TRY TO ALTER PARTS IN ANY WAY.**

Please read these instructions carefully before you start installation. Special care should be taken when drilling walls to avoid hidden pipes or electrical cables.

## Tools required

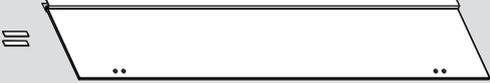

This product is heavy and may require two people to install.

INSTALLATION

Step 7

View from inside

Step 8

Allow 24 hours for silicone  
to dry before using shower.

INSTALLATION Instructions

This screen has been treated with easy-to-clean glass surface treatment. Please follow the care instructions to ensure your treatment is long lasting.

After use, your shower should be cleaned with a mild detergent and water. This is particularly important in hard water districts where insoluble lime salts may be deposited and allowed to build up.

Do not use abrasive based cleaners. Care should be taken to avoid contact with strong chemicals such as organic solvents and strippers.

If in doubt please contact Gemini Industries or visit the website for details. Please retain these instructions for aftercare and customer service details.
