

# INSTALLATION INSTRUCTIONS

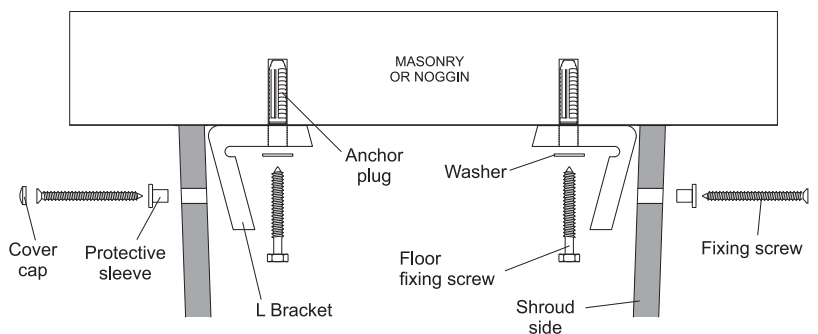

## BASIN SHROUD

PRODUCT  
CODE:  
J3168

### INSTALLATION STEPS

1. Mount the basin on the wall at the desired height according to instructions.
2. Fit and connect waste and water supply connections.
3. Place the shroud in position under the basin.
4. Mark the locations of the bracket fixing holes on the wall.
5. Using the markings, position the brackets to fit and attach to the wall.
6. Fix the shroud into position using the fixing screws, protective sleeves and caps.
